

Young Pursuits

The Entrepreneurial Stories

At the heart of every innovation lies the seed of seeking a certain change. To be able to envision, pursue and carve it into reality, is the primordial nature of a self-starter; an entrepreneur. Today, this booming industry is changing how the course of achievements are pursued; and our alumni are becoming significant contributors to it. "Young Pursuits" is an initiative to highlight such carved niches brimming with a fresh perspective of young minds. Every entrepreneurial story shared in this book, is a success story on its own.

SMILE, IT'S MUSIC

WORLD MUSIC DAY

"Love for Music" is something that everyone shares in common. Ranging from pop rock to soothing country style songs, everyone has a specific genre of music that they hold close to their heart. On the World Music Day, 21st June, 2022, the sound of music playing in the hallways of G.D. Birla Centre for Education, caught everyone's attention. The students played instruments and sang songs to celebrate the day. Music can change the world because it can change people. 'LET'S BELIEVE IN MUSIC, LET'S BELIEVE IN LOVE.'

LET'S KEEP FIT

Yoga improves strength, balance and flexibility. To commemorate World Yoga Day, 2022, the students practised yoga, conducted assemblies and made eye catching softboards with enthusiasm and zest. There was also a yoga session for teachers. The students thoroughly enjoyed and lived up to the proverb "Yoga is the journey of the self, through the self, to the self."

THE FRENCH CONNECT

French, or Français, is one of the most internationally significant languages in the world. It is very influential in the diplomatic world and is spoken as an official language in many countries. Learning French is not just about studying the lingo but immersing oneself into a world of rich culture, delicious cuisine and exquisite fashion. To meet this growing global demand, Ashok Hall Group of Schools ensures learning of French with excellent teaching methods and digital tools.

The calligram is one of the many unique things one will come across while coursing through the French smorgasbord of literature and visual art. It's a poem arranged to form a drawing, related to the idea portrayed in it.

BIO-TECHNOLOGY

Biotechnology deals with the science that uses living organisms or processes to create or modify products, to increase the use of plants and animals or to develop micro-organisms for special purposes. Ashok Hall Group of Schools provides the students with hands on experience through the use of the latest gadgets and equipments, which helps the students master the basic concept and develop their skills. A noticeable part of the Alumni have taken up the subject at the research level!

ABRA-CA-DABRA

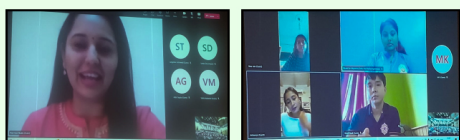

Ashok Hall Group of Schools arranged for a magic show for the students of the primary classes. Mr. A Kumar, an experienced magician showed some unbelievable tricks like- Invisible Touch, Neckless Vanish, Colour Changing Feather, and many more. The sight of the magician piercing a person deemed them speechless. The mesmerizing show did manage to enthrall the young viewers.

Ashok Hall Group of Schools organised CAREER COUNSELLING SESSIONS at Kalamandir on 13th and 15th of June 2022. The school can proudly boast of having innumerable alumnus working successfully in different fields. Some of the members of the School Alumni were more than happy to interact with the students and provide them with valuable insights into various career options ranging from Sports to Journalism.

EXCLUSIVE OPPORTUNITIES!

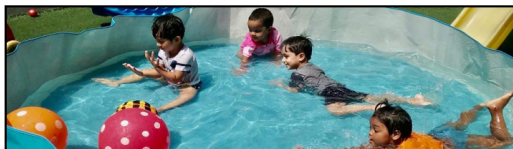

The ANNUAL GENERAL MEETING of Kesoram Industries offered a great opportunity to the students of Ashok Hall group of Schools to observe and understand how such a meeting is conducted, functioning of the company and what steps the company should take to project the interests of their members in that concern. The meeting was conducted in Kalamandir on June 17th, 2022.

GLITTERING LITTLE GEMS

Little Gems Play School, a unit of Ashok Hall Group Schools, was established on 14th June, 2008. It is a pre-school playgroup which provides care, socialization and a safe environment. It helps in developing gross and fine motor skills and language skills. It encourages children to make choices and to be independent. The play school caters to the 18 month to the 35 month olds. These children are directly transferred to the various branches of Ashok Hall Group of Schools on attaining the age of 3+.

SHARMISTHA MANDAL

"Joining Little Gems is one of the best things that a child can ever experience. The classrooms, corridors, the field immediately welcome you with open arms . We, at Little Gems, used to take part in different types of fun activities like hand painting, clay work, creating our own rainbows. Even after joining G.D.Birla Centre for Education in Lower Infant, I kept the memories of my play school alive in my heart."

EARTH DAY, EVERY DAY

Promoting the conservation of the greens and sensitivity towards the global issues, helps a child in developing consciousness towards the environment. On 17th June, 2022, children planted saplings and seeds. A quiz on 'environment' was conducted for students of classes IX to XII which encouraged the students to look beyond their text-books and understand the bonding between man and nature.
