From the Principals' desk!

ASHOK HALL GIRLS' HIGHER SECONDARY SCHOOL

**Asato ma sadgamaya
Tamaso ma
jyotirgamaya**

**From ignorance, lead me to truth
From darkness, lead me to light...**

The chief objective of education is to replace ignorance and darkness from our minds with the light of knowledge.

The classrooms with smart-boards and projectors, learner-centric teaching system, educational trips, a well-stocked library, well-equipped laboratories – Ashok Hall has everything that helps in the all-round development of a child. A vital part of education is co-curricular activities and we provide a plethora of activities which refresh the young minds. We also focus on fitness activities, sports training, Yoga and Meditation.

Ashok Hall Girls' Higher Secondary School is dedicated to shaping young minds for a better tomorrow .

G.D. BIRLA CENTRE FOR EDUCATION

Our emphasis has always been on the three C's; Communication Skills, Creative skills & Character development. Our students are articulate and confident when speaking as well as concise and accurate when writing. Their creative skills are given wings to fly. Creativity and talent only need a platform to perform and an opportunity to excel .

Character building is emphasized through trust, respect, values, responsibility, accountability, discipline as well as individual & teamwork.

We provide them opportunities to express and impress.

The students of G.D. Birla Centre for Education have always displayed the spirit of daring to believe and striving to achieve. They learn never to quit and therein lies a winner. Be it our present students or the alumni, we wish them success here and beyond.

From the Vice-Principal's desk!

MAHADEVI BIRLA SHISHU VIHAR

Starting with the fun-filled adventure that a toddler embarks upon to the unexpected challenges that mystify the teenager, the journey is an unforgettable one. We try to offer a holistic experience to every pupil. We feel absolutely delighted on seeing our children equipped with problem-solving, critical thinking, team-building and leadership skills. We prioritise making the school environment student-friendly.

Just as autumn lends every leaf a golden hue, we hope that all our children shine with the light of love and empathy, seeking knowledge with greater zeal in the days to come!.

— MS. SHARMILA DHAR
VICE-PRINCIPAL
